

Resume

Devon Apple
(415) 533-9739
devonapple@gmail.com
<http://www.greentides.com/devon>

Objective My goal is to obtain a position as a production artist and to build on my existing graphics capabilities in a creative and motivated environment.

Education **University of California, Santa Barbara - BA, English**
September 1991 - June 1995

Skills I am proficient in Illustrator, PhotoShop, and PageMaker, as well as DreamWeaver, HTML and JavaScript. I am an expert in MicroSoft Office, Lotus Notes, DOS, Windows (95 to XP), scanning and OCR software, and am experienced with Quark Xpress 4.0 and AutoCAD 14. I am comfortable using both a PC platform and Mac up through OS X. I have created and maintained my own web site: <http://www.greentides.com/devon>.

Employment History **Kaiser Foundation Hospitals, Distance Learning Program**
Staff Specialist, May 2001 to Present
I maintain and update the department web site, primarily the education calendar, using Dreamweaver MX: <http://nursingpathways.kp.org>. I compile course materials for electronic distribution in Adobe Acrobat. I provide graphics solutions as needed using Illustrator, PhotoShop and Acrobat, assisting with the marketing of various department programs and educational offerings. I serve as writer, editor and layout specialist for quarterly department newsletter "Pathways Press," using Adobe PageMaker.

Dreams of Deirdre
Graphics and Web Coordinator, 2000 to present
I create custom flyers to advertise games for a Bay Area gaming troupe, and edit their print materials. I maintain and update the troupe's web site: <http://www.dreamsofdeirdre.org>.

Graduate Literature Association, San Francisco State University
Co-Chair, 1997 - 1998
I chaired a student organization at SFSU, and produced their literary journal "Interpretations," providing layout (in PageMaker) and graphics (in Illustrator and PhotoShop), and serving as editor. I created the now-defunct GLAWebsite, to promote a sense of community among the Literature grad students.

Capital Planning Department, SFSU
Graphics Assistant, October 1995 to August 1999
I maintained the department website, providing graphics solutions for map distribution and website presentation using PhotoShop, PageMaker, Illustrator and FreeHand. I shot and processed digital photographs of facility construction projects for departmental use. I composed conceptual schematics for construction presentations using AutoCAD 14, and generated documents by scanning text and graphics using OmniPage.

Interests Creative writing, historical reenactment, community theatre and jewelry design.
